

Eric Nguyen

Software Engineer

Ericc.win@gmail.com | (404) 933-7143 | [linkedin.com/in/ericcnguyen04](https://www.linkedin.com/in/ericcnguyen04)

I am an aspiring full-stack developer with visions of passion and ambition! As I grew up, I always loved witnessing the end product of my projects and felt immense pride. If I get a chance to do so, I will work with my peers and create a positive environment by being compatible!

Experience

November 2022 - February 2023

General Assembly

- Developed software with industry-standards
- Using marketable skills, such as, javascript, react, node.js, python, APIs, and SQL
- Trained and prepared to deal with worst-case scenarios
- Created front-end and back-end on projects with features of CRUD
- Worked on multiple team projects, including an inventory software and a home renovation website, using project management tools such as git and miro
- Developed strong skills in problem-solving, programming, and collaboration, which will be valuable in a software engineering role.

February 2020 - March 2022

Mr Wish- Cashier, Server, Barista
